ARE YOU FURNISHING A HOME ?

Or, just a stopping place between social engagements? If your home means to you a place where you can really be yourself—where you lay aside that outer mask that the most spontaneous of us show to the world each day—and let your inner self hold sway—then the Leavens “Finished to Your Order” plan will appeal to you.

What better index of your taste and individuality do you show to the world than in the furnishings of your home? You may be planning for complete furniture for your new and your first home, or perhaps you are re-doing one or more rooms to add new beauty. In either case, you will feel the thrill of adventure in seeing your most individual dreams materialize without the ordeal of long and disappointing shopping trips.

The Leavens “Finished to Your Order” plan offers you the opportunity of selecting any design and type of furniture from our stock, be it of simple colonial origin or more sophisticated modern style. The many illustrations contained in the book are the best proof we can give you of the excellence of Leavens design. Many of the pieces are original and exclusively Leavens. Others, particularly in colonial furniture, are authentic reproductions of our early craftsmen. This variety affords infinite possibilities of satisfying your most exacting needs.

When you have selected the design of your furniture, your next thought is of your color scheme. In this day of added leisure for the homemaker you have time to let your imagination wander into the realms of lovely color effects and softening tones and harmonies. You can visualize a delicate guest room, perhaps, of soft peach, cafe au lait and turquoise blue, but wonder if it is possible to find materials and furniture exactly right as to color and tone. By following our plan you may indulge every fancy to the minutest detail and never be disappointed. The pieces of furniture that you select are not finished until after your order has been placed. Your color scheme is your own. It is in this department of color that Leavens has earned its well deserved reputation.

LEAVENS finished to Your Order FURNITURE

How does this privilege of selection help you? Perhaps you need just one or two occasional pieces to complete a room. If you order these pieces from Leavens, we will finish them to match the pieces already in the room. Two more chairs finished to match your maple dining room suite? A flounced dressing table to match the painted furniture in your guest room? Certainly—for that is just what the “Finished to Your Order” plan is for.

Suppose that you have had your room papered, made your window draperies, and even secured a rug to match. Then send your order to Leavens with samples of the colors and we will complete your room.

Again to illustrate; if your budget is limited and you can only partly furnish a room now, the remaining pieces to complete the room may be ordered six months or a year from now—and they will match the pieces of your original purchase.

Decorations

To further add to the interest and the pleasure of buying Leavens furniture, we offer you the privilege of selecting decorations as well as colors. The figures in your wall paper, the floral note in your draperies, may be reproduced on Leavens furniture.

All decorations are free-hand and are executed by skilled artists on the Leavens staff.

If you follow our plan, when your home is completed you will feel the thrill of that moment of triumph of intelligent effort, sincerely carried out. Then you will realize that your home is permeated with that intangible quality that we all feel in a subtle way and recognize as the atmosphere of inner refinement and good taste.

In addition to the Leavens “Finished to Your Order” furniture, we have a great variety of high grade furniture ready for your selection and immediate delivery.

Colonial Charm

The popularity of colonial furniture seems ever on the increase. The simplicity of design characteristic of early American pieces assures a continuous vogue for furniture of this type. Against a colonial yellow dining room wall the simple lines of early American pieces with their pewter accessories give an unusual touch of charm and usefulness, replacing the more prosaic serving table.

Chairs

Chairs, like tables, when finished to harmonize with the interior decoration plan of your home, give a touch of individuality and character to any room. Among the Leavens offerings are many styles, many kinds, ready to be finished as you choose. In the Leavens Windsors, you will note the same grace of line, strength, material and finish so characteristic of the early American Windsors. You will find, too, that Leavens chairs combine at once the rare qualities of comfort, beauty, strength and economy. In Leavens reproductions, no effort has been spared to make these chairs reflect and express the true spirit of Colonial days.

**FOR THE CHILDREN'S PLAYROOM
OR NURSERY**
(Left)

For the Nursery or the Children's Room, here is a Leavens set made "to scale." It is a small set of just the right size for the little ones. When gaily painted and decorated it adds a delightful touch to the playroom and is a source of real satisfaction to both children and parents.

Furniture that Blends and Harmonizes

In planning the purchase of a set as pleasing as this, you should consider the lines and workmanship rather than the particular decorative plan as shown here. This is finished as an *example* of how Leavens use of color is made to blend and harmonize with the whole room. This set in your own home may call for a different color and decorative motif. If so, your choice of colors and design is unlimited. For Leavens knows no hard and fast rules. The customer may express the same originality and good taste in choosing the finish, stain, color or decoration of her furniture as she shows in her draperies, pictures, wall paper and other interior furnishings.

Breakfast Set

The charm of this particular set lies quite as much in the design of the pieces as in their color and decorations. The rush bottom chairs are reproductions of the famous Hitchcock Chairs which were first made in this country in 1826. The Gateleg Table follows a graceful Colonial design. The Welsh Dresser is a free adaptation of the old cupboards which once adorned Colonial kitchens. It is also supplied without the top. Colors, of course, are of your own choosing,—as are individual pieces.

The reasonable cost and complete satisfaction as the result, places this plan in a class by itself in the furniture world.

Information for Ordering

Select from this catalog the pieces or sets you wish to order. The last two pages of this catalog are an Order Blank for your convenience. Be sure to fill in all necessary information, such as the stock number of the pieces, the size desired when pieces come in more than one size, and the finish, whether stain, gloss enamel or rubbed enamel.

Enclose a sample of the color you wish, if possible, such as a sample of overdrapes or wall paper. Remember that decorations, when desired, must be ordered. All of Leavens' decorations are painted by skilled artists. No stencils are used, and you may, therefore, have *any* motif at a small cost over the finish price. In ordering, enclose a suggestion of decoration desired.

If you prefer we will complete, in our Interior Decorating Department, the details of your suggestion in color and decoration.

Unfinished Furniture

Any piece of furniture illustrated or described in the catalog, except those pieces listed on the index page (page 80), may be ordered unfinished. If you prefer to do your own painting or finishing, we will promptly supply you with unfinished furniture in the natural wood, from our large and well stocked display.

Guarantee

Leavens Furniture is guaranteed as represented, and we will appreciate it if any customer will call to our attention any errors on our part.

Prices

A separate price list is enclosed with each catalog, covering not only pieces illustrated and described in our catalog, but many other items carried by us. Whenever possible, illustrations of these pieces will be sent on request. If you desire to buy Leavens Furniture unfinished, you can determine the price by deducting 10% from the stain prices as shown in the price list.
